

TRAILSIDE ELEMENTARY SCHOOL

August 2, 2022

Dear Trailside Community,

Welcome to the 2022-23 school year! As our first day of school, August 17th, quickly approaches, my excitement continues to grow. I cannot wait to meet the outstanding students and families at Trailside and have already felt such a warm welcome from those I have met this summer.

Below are several essential items that I hope are helpful as you prepare your August calendars and prepare your student to return to school.

Important Dates:

- Open House - Monday, August 15 - 2:30pm - 3:30pm
 - This is an opportunity to see your new classroom and meet your teacher
- Back to School Night - Thursday, August 25 - Time TBD
 - Teachers will share specific details about their classrooms and helpful information to have a successful year. Other school staff, including our specialists and counselors, will also be available.

You can expect to hear from your teacher via email on or before our Open House on Monday, August 15th. I know many of you are also eager to purchase classroom supplies for your student; we will post suggested school supplies on our website later this week. Your teacher may also share suggested classroom needs at our Open House and/or Back to School Night.

Our school website (tses.pcschools.us) and our District website (pcschools.us) are full of helpful information. Our Parent Teacher Organization has a strong social media presence that you can follow and offers a newsletter you may subscribe to (email trailsidepto@gmail.com to request to be added to the list).

The main office will now be open Monday through Friday from 7:30-4:00 for any assistance you need. Please reach out with any questions you may have.

Warm Regards,

Tracy Fike, Principal
Trailside Elementary School
