The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.pehp.org or call 1-800-765-7347. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.pehp.org or call 1-800-765-7347 to request a copy.

Important Questions	Answers	Why this Matters:
What is the overall deductible?	**$1,500** person/**$3,000** family for network providers. **$1,500** person/**$3,000** family for out-of-network providers.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. Preventive care received from network providers is not subject to the deductible.	This plan covers some items and services even if you haven't yet met the annual deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No	You do not have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	**$2,800** person/**$5,600** family for network providers. **$2,800** person/**$5,600** family for out-of-network providers. No one individual will contribute more than $2,800 to the family maximum.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, and healthcare this plan doesn't cover. See Benefits Summary.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.pehp.org or call 1-800-765-7347 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (a balance bill). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No	You can see the specialist you choose without a referral.

All copayment and coinsurance costs shown in this chart are after your overall deductible has been met, if a deductible applies.
